

# TrueVoc 300D

## Digital Omnidirectional Microphone

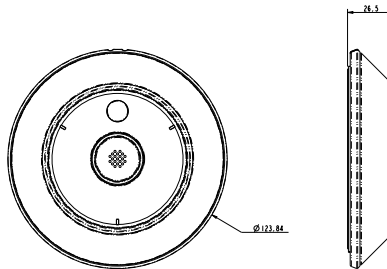

### Features

The TrueVoc 300D is suitable for small and medium size conference rooms, with leading digital array technology, enabling excellent anti-interference and audio pickup performance through a high signal-to-noise ratio and 360° audio pickup range. Additionally, TrueVoc 300D supports up to 3-level cascading deployment with adjustable direction, which can meet the deployment needs of different venues.

### Dimensions

Units:mm

<b>TrueVoc 300D</b>	
Direction	Omnidirectional audio pickup
Sampling Rate	48kHz
Frequency Response	50Hz ~ 20kHz
Highest Sensitivity	-20dB
Sound Pickup Range	360°
Sound Pickup Distance	<6 m
Cable Length	7m
Cascading Deployment	Up to 3 level
Remote Upgrade	Supported
Audio Port	RJ11
Power Supply Port	RJ11, powered by video conferencing terminal
Other Features	Provides a touch switch Provides LED indicator Protects audio from RF interference from mobile phones Compatible with H series terminals
Mechanical	Weight: 0.19kg / 0.42lb Dimensions (Φ x H): 124 x 27mm / 4.88" x 1.06"
